The France Show

The France Show' was held this year from 23 – 25 January at it's new venue London's Olympia.

The show is a must for any Francophile, bringing together the many aspects of France and its culture under one roof. Visitors to the show will find a whole range of exhibitors from property agents, food, wine and language learning. The many visitors to the show, around 16,000, spent the day wandering around the indoor market, visiting various seminars and demonstrations.

Le Poiron at The France Show

We were very pleased to attend the show once again and to meet everyone who came to our stand. The many enquiries we had were varied and interesting. Some visitors were studying French already and were looking for something to help them move onto the next level. Others have property in France and would like to be able to socialise with their neighbours. We were very pleased to discuss the details of our residential courses and how they can help students to improve. We understand that participating in a residential course can seem daunting to some people. So we hope that we reassured you and gave you a good insight into the Le Poiron experience.
